

# Swimming Pool Survey

This survey is part of an ongoing study to determine the best action for the city to take regarding potential replacement of the Onalaska Swimming Pool. At this time, the public is being asked if the swimming pool should be replaced. If there is no support for a new facility, the city will continue with the existing pool as long as it is practical. If there is public support, future opportunities for public involvement in the planning process will be announced. Your input is appreciated and welcome!

Please return this survey with your water bill or mail or drop at :

Onalaska City Hall  
415 Main Street  
Onalaska, WI 54650

Please return by August 15, 2002.
