FOR IMMEDIATE RELEASE  
October 4, 2013

## ARRESTS MADE IN CAR/GARAGE ENTRIES

The Onalaska Police Department has arrested 4 individuals related to a rash of garage & vehicle entries that occurred the evening of September 19<sup>th</sup>. The names of suspects were developed from work done by officers while on routine patrol, follow-up work by the Investigators and phone calls from citizens who viewed a video that captured the images of the suspects.

All of the leads and hard work culminated in the arrest of the 4 individuals. At this time the individuals that have been arrested have not been formally charged, thus, their identities are being withheld.

Members of the Onalaska Police Department conducted consent searches of various properties in an effort to recover the stolen items. Some of the stolen items have been recovered; however, some items have been disposed of. Investigators have recovered items that are known to be stolen but do not match up to any of the reports on file.

Investigators believe there are victims that have not reported the thefts to the police. The Onalaska Police Department is requesting citizens that live in the Sandlewood or Coachlite areas to determine if they are missing any items from either their garages or vehicles.

The Onalaska Police Department has on file 7 reports related to vehicle entries and 3 reports related to garage entries. Information gained from the suspect (s)

~ MORE ~

give the impression that there are more garage entries than just the three that have been reported.

If citizens have any additional information, they can call the police department at (608) 781-9550.
