Total length of NEW or REPLACED sidewalk (includes sidewalk through drives) _____

Permit Fee: _____

REQUIREMENTS:

1. Placement of 75 or more square feet of sidewalk and/or drive within City R.O.W. requires permit.
2. All work and materials shall comply with most current City of Onalaska Specifications.
3. Call 781-9537 for INSPECTION of forms prior to concrete placement. Coordinate ahead of time to ensure timely inspection prior to arrival of concrete.
4. NEW CONSTRUCTION: Corner lots are responsible for installation of ADA compliant curb ramp detectable warning fields. This may also require removal & replacement of curb & gutter.
5. Any curb removal requires the entire curb & gutter section to be removed and replaced. Contractor may not sawcut curb head off and match flowline.
6. Water shut off Curb Box, within driveway apron or sidewalk, shall be raised to grade and 4 1/2" diameter Schedule 80 PVC sleeve installed.

The undersigned hereby agrees to abide by the requirements of all pertaining sections of the Municipal Code of the City of Onalaska and the laws of the state of Wisconsin.
